PROFESSIONAL EXPERIENCE

CHEMGLASS LIFE SCIENCES, VINELAND, NJ

Computer Numerical Control (CNC) Machinist, July 2021 – Present

- Review and interpret cutting plans, enter them into control outlets before jobs and alter them to correct mistakes when necessary
- Translate instructions into a computer automated manufacturing (CAM) program
- Programs mills by entering instructions, including zero and reference points
- Measure, mark, and scribe dimensions and reference points on material or work-piece as guides for subsequent machining
- Select, align, and secure holding fixtures, cutting tools, and materials on machines
- Calculate and adjust controls to regulate machining factors such as speed, feed, coolant flow, and depth and angle of cut
- Input commands to retrieve, input, or edit computerized machine control media
- Start and observe machine operation to detect malfunctions or out-of-tolerance machining and adjust machine controls or control media as required
- Verify conformance of finished work-piece to specifications using measuring and inspection tools
- Set up and operate machine on trial run to verify accuracy of machine settings and programmed control data
- Perform routine maintenance on machines as required and keep work area clean and organized

MODERN METRIC MACHINE COMPANY, AUDUBON, NJ

Computer Numerical Control (CNC) Machinist, August 2019 - April 2021

- Measured, marked, and scribed dimensions and reference points on materials or work-pieces as guides for subsequent machining
- Selected, aligned, and secured holding fixtures, cutting tools, and materials on machines
- Calculated and adjusted controls to regulate machining factors such as speed, feed, coolant flow, and depth and angle of cut
- Input commands to retrieve, input, or edit computerized machine control media
- Started and observed machine operation to detect malfunctions or out-of-tolerance machining and adjusted machine controls or control media as required
- Verified conformance of finished work-piece to specifications using measuring and inspection tools
- Set up and operated machine on trial run to verify accuracy of machine settings and programmed control data
- Performed routine maintenance on machines as required and kept work area clean and organized

RITEAID, BLACKWOOD, NJ

Pharmacy Technician, November 2017 - August 2019

- Entered prescription information accurately and efficiently, including patient and prescriber details, drug selection, insurance billing, and resolved basic issues promptly to ensure a seamless customer experience
- Contributed to maintaining optimal inventory levels by reviewing orders, processing returns, restocking shelves, and preparing for physical inventories, ensuring availability of medications for customer needs
- Retrieved medications from inventory, prepared prescription labels accurately, and packaged medications in containers, ensuring correct and timely dispensing to meet customer expectations
- Completed necessary paperwork related to prescriptions, meticulously entered customer and prescription details into the system, ensuring accurate records and efficient service
- Assisted in maintaining the cleanliness and organization of the Pharmacy department

CHILI'S GRILL & BAR, DEPTFORD, NJ

Line Cook, March 2017 - November 2017

- Prepared ingredients and food items according to recipes and guidelines provided
- Cooked and prepared menu items such as appetizers, entrees, and desserts in accordance with portion and presentation standards
- Set up and stocked stations with necessary supplies and ingredients before each shift to ensure timely preparation and service
- Ensured cleanliness and sanitation of work areas, equipment, and utensils throughout the shift to maintain a safe and sanitary kitchen environment
- Worked closely with other cooks, kitchen staff, and servers to ensure efficient and timely service
- Worked in different stations within the kitchen as required and assisted with other duties as assigned

WAWA, THOROFARE, NJ

Customer Service Shift Manager, April 2014 - November 2016

- Consistently delivered exceptional customer service by promptly addressing inquiries and concerns and actively seeking feedback to enhance customer satisfaction
- Upheld rigorous safety, security, and quality standards, ensuring a safe and enjoyable environment for customers and staff alike
- Managed cash registers with a focus on accuracy and accountability, enforcing cash handling procedures to maintain trust and integrity
- Maintained efficient operations throughout shifts, ensuring smooth and consistent service delivery

to meet customer expectations

- Enforced adherence to company policies and practices among team members, promoting consistency and professionalism in all aspects of operations
